Sunday, March 25  
No leagues offered  
March 12-18  
(Spring Break)

### SPRING SESSION:

Monday, March 2  
Sunday, June 3

The league program provides weekly competitive round robin play in singles, doubles, and team tennis for members at different levels.

Each league meets once a week for ten weeks. We offer doubles on a rotating partner basis, doubles with a fixed partner and singles. It is not necessary to have a partner to participate in a doubles league with the exception of the fixed partner. Note: Rotating singles means that you and your assigned opponent arrange the time for the match assigned that week. Fixed singles means that you have a set time.

Each Player receives league rules and a league schedule. Scores are posted weekly and can be found on the web site: [www.leaguesforfun.com](http://www.leaguesforfun.com). Prizes will be awarded to the winners and finalists in each division.

Substitute lists are provided for the convenience of the doubles league players. Balls are provided for the doubles and fixed singles league matches. Please refer to the league rules for complete information.

Confirmation of your league will be made prior to the start of your league. Schedules will be provided at the time of your first match.

---
